DREAMWORKS DRAGONS

1. Start with a simple oval but a little slanted.

2. His eyes are large, wide set and also tilted. Draw lines through them to be the bottom eyelids. Add lines for nostrils.

3. Add thin lines above eyes to be eyelids. And a line of lines make the ridge in the middle of his forehead.

4. Toothless only has 2 ears but there are other fleshy frills that come off his face. Two on the top and two on each cheek.

5. Biiiiiiig wide grin with his almost forked tongue. Also add lines for his neck. Tilted head makes him look more playful.

6. Add little patches of shapes on his nose and ears. Also there are some bumps on the tops of his ears.

7. Fill in his eyes. They are kind of square-ish.

8. Shade in Toothless. He is a Night Fury and he is not right without the dark skin. Shadow under his chin and ears, inside his mouth and around his eyes.
